## RECTOR'S LETTER

March sees the church in the middle of the season of Lent. But what is lent all about? I would like to suggest the following might help

**L** ~ is that it is a time for **looking** to Jesus and the example he set. We remember the 40 days of formation he spent in the wilderness following his Baptism by John the Baptist before his public ministry.

**E** ~ it is a time of preparation for **Easter**. When we celebrate Jesus' power of death and sin. Lent is a time for self reflection, a time to be honest with yourself.

**N** ~ **Not** doing things, or giving things up for Lent. This could be from Chocolate or Alcohol to television or swearing. Each in its own way helps us to be more disciplined and controlled. If you give up some thing, then put the money you saved to help somebody else or a charity. Get a double helping of goodness if you like for your acts.

**T** ~ **Trying** to be good. Often this can be a result of giving up something bad or unhealthy. But is can also be about putting others needs above our own.

Out of all of the above **L.E.N.T.** I would like to encourage you to be generous in the Trying to be good section. Many people set out a wall chart of Act of kindness board and each of the 40 days of lent try and do something generous or some extra act of kindness above and beyond their normal rounds.

This can be a great thing for children and families to engage with. You can make your own chart or download many from the internet. I would suggest

<http://www.40acts.org.uk/assets/Downloads/40acts-Kids-Wallchart.pdf>

Many others are available but I would commend '**40acts**' to you. [www.40acts.org.uk](http://www.40acts.org.uk)

What is 40acts? 40acts is a generosity challenge, which invites people to do Lent a bit differently. During the forty days of Lent, 40acts participants will be invited to take part in forty simple acts of generosity, which will challenge them to 'do Lent generously' in 2015. Lent marks a pivotal point in the history of the church, when Jesus prepared to give himself up as a sacrifice. Traditionally we mark Lent by giving something up, but what if it could be more than that? What if Lent was a preparation for a lifetime of bigheartedness? Small acts of generosity, performed by thousands of people across the UK and beyond, have the power to make a big change to our communities, to our churches and ultimately, to our world. Come and join me in 40 Acts of generosity this Lent and lets all help make our world a better place.

## Palm Sunday

Palm Sunday 29<sup>th</sup> March marks the start of Holy Week. This year we start our Palm Sunday procession at 10am from All Saints School in Croughton, with the blessing of our Palm crosses. We will then process the short distance to All Saints Church, the service will start when the procession arrives. At church, in the context of a Communion Service, we hear again the telling of our Lord Jesus Christ's triumphal entry into Jerusalem, remember his last supper and passion, before spending the next 7 days, of Holy Week in our final preparations for Easter.

## Cuppa and Chat

## WINTER LUNCH CLUB

on Thursdays: March 5<sup>th</sup> 12<sup>th</sup> 19<sup>th</sup> 26<sup>th</sup> (last lunch) in the Village Hall 12.30-1.45

No 'membership' required, anyone can come (young or old) and hopefully enjoy a simple home-cooked lunch in a warm, friendly place at very reasonable prices – all profit going towards a Defibrillator for the village. Choose from soup, baked potato, another hot main dish, a hot pudding with custard, or a biscuit with tea and coffee or a carton of fruit juice. The menu changes every week. If you plan to bring a few friends/family please let me know so that I can prepare enough food! Thursday 26<sup>th</sup> March will be the final lunch of the current season. W.L.C. has been hard work but a great pleasure to run, numbers have risen and some very significant birthdays have been celebrated (when they fall on a Thursday) Thank you to everyone for their support and to my helpers, in particular Amanda Leigh, without her "front of house" help W.L.C would not happen. I would also like to thank the Parish Council for their support to W.L.C this season. Hopefully W.L.C. will restart again in October 2015.

## DEFIBRILLATOR FOR AYNHO

## A.S.R.A. News

### AYNHOO PARK CLUB DRAW

Many thanks to all who have played the draw this year. I'm pleased to say the prize money has increased to £80 a month. A couple of queries have been raised on the draw: e.g. what is my number? We have a list of the numbers playing and the names registered against it. Usually we try to keep the number with the house so if it changes owners then the number will remain with the property if the new owner decides to play. If you want to know your number please call me on 810019. I will endeavour to put a new list up in the pavilion asap. Another question related to where we do the draw. This is usually at a public place such as the Winter Lunch Club, the pavilion café, the school bus stop or a social gathering but in order to formalise it further we will now be drawing it at the Parish Council Meeting every month. Winners names are published in the newsletter usually on a block basis every 6 months but anyone is welcome to ask me for a list at any time. Maybe some of those winners would like to let me know of anything interesting that they spent the money on (if appropriate!) and we'll publish them in the newsletter!

### ASRA QUESTIONNAIRE

Also thanks to all who completed and returned this. I have had 52 questionnaires returned with some helpful comments and suggestions. I am gathering the information to enable me to put together a plan for discussion on how to spend some of our funds, and when to reopen the pavilion cafe. Further

details to follow in the April newsletter. Anyone who has not returned their questionnaire, please do so if you can or mail me for one on [kaynho@lineone.net](mailto:kaynho@lineone.net).

Many have expressed a willingness to come along to a meeting about ASRA, the field and pavilion and this will be held on Monday 23<sup>rd</sup> March at the pavilion at 7.0pm. Please do try and come. I would welcome some support as it's difficult to try and please everyone and this facility is valuable for the village judging by the amount of people I see using it. If you use the amenity track for jogging, walking, cycling or the tennis court or play equipment or the field, football goals or the pavilion and you want to continue to use it then this plea applies to you as well as those who generally have an interest in our village and its amenities. Please e mail/phone me if you are likely to come so I can judge numbers for refreshments – [kaynho@lineone.net](mailto:kaynho@lineone.net) or 810019. If you can't come but are still interested, do let me know.

### Small Play Park

Thanks to all who have make a donation to **Terry Benbow's memorial plaque** for the small play park. Plans are underway and more information will be in the next newsletter about a date to unveil it. There is still time to donate if you wish to, cheques payable to Aynho Park Club and posted through 11 Portway please.

We have some **furry friends** on the sports field in the shape of moles! These are being monitored by the pest control man and he will try to eradicate them but it is difficult apparently. If you can leave the hills undisturbed he can track them more easily

Finally, I am aware that people are walking their **dogs around the track**. Please can you tell friends/family etc who may walk your dogs for you to observe the no dog signs. They can walk up the main driveway from the main gate to the pavilion BUT NO DOGS AT ALL on the sports field or around the track even if you do pick up the mess! There are 3 children's football teams playing there and it encourages others who are not so mindful to let their dogs foul. Thank you.

**DATE FOR YOUR DIARY:** Maytime in the Square this year will take place on Saturday 16<sup>th</sup> May from 2pm when our May Queen is crowned and we will celebrate with Morris and Maypole dancing. If you are interested in joining our one-off annual Morris Team we are looking for additional members. We only have about 3 practices beforehand (and it shows!), its great fun and good exercise so do watch out for our practice dates in the April newsletter and come along and join us.

We will also have tables for hire for £5 per table to sell your wares (anything from bric a brac to crafts), refreshments and plants for sale. Call me on 810019 to book a table. We have the usual barn dance planned for the evening which is always great fun. I'm looking for someone or some ideas for catering for the evening if anyone has any contacts. Tickets will go on sale in April but please book early as we always have to disappoint some people as numbers are strictly limited.

**REMINDER re AYNHO HEALTH WALKS.....** 10.0am Thursdays from the Pavilion

**The Track Walk** is for those who just want a breath of fresh air but cannot walk far or are recovering from an illness or operation. There are plenty of seats to rest on, on the way round, and you can do as many or as few laps as you wish.

**The Small & Medium Walk** is about 3 miles and lasts a little over an hour.

**The Long Walk** is 5 – 6 miles and covers varied routes in the surrounding countryside and lasts about 2 hours. There are usually 10-15 people on this walk.

All three walks have trained leaders and back up members with emergency health supplies provided by the Ramblers & Macmillan Nurses. After the walks we like to stop for refreshment and a chat at the Pavilion. There is no charge for these walks, so why not give it a try and meet friends old and new.

All queries to **Keith McKellan on 01869-810346**.

## BIODIVERSITY GROUP

As we enter Spring, many of us will be on the lookout for “Mad March Hares”. Whilst hares are far less common these days, we are very lucky to have an abundance of hares between Aynho and Souldern, particularly to the West of the footpath leading to Souldern Mill. As many of you know, we have been staying in one of the holiday cottages, owned by Lord and Lady Boswell. It has been a pleasure to look out in the morning and often see the hares in the large field in front of the cottage. If anyone is fortunate enough to photograph a pair of hares “boxing”, please send us the photograph so that we can post it on our Biodiversity Facebook page.

### **Bird of the Month: The Song Thrush**

The Song Thrush is smaller than either a mistle thrush or blackbird and is less upright when standing. The male and female are similar with warm brown upper parts, pale buff underparts and dark speckles (often arranged in lines) which look like arrows pointing towards the head. The belly is almost white with fewer, smaller dark spots. As with other woodland, ground feeding birds it has relatively large eyes. Song thrushes can be found in woods, hedgerows, parks and gardens, in fact wherever there are bushes and trees. The breeding season starts in March and lasts until August as they usually have 2 or 3 broods a year. The female builds a neat cup shaped nest low down in any suitable cover, including trees, shrubs, among creepers on walls and ledges and on the ground in thick vegetation. It is made out of grass, twigs and moss which are cemented together and thickly lined with mud and dung mixed with saliva. It can take her 3 weeks to complete. She then lays between 3 and 5 eggs which she alone incubates. Both birds then feed the young, mostly on worms but slugs, caterpillars and even fruit in dry weather when the ground is too hard to access worms, are included. In late summer snails become a critically important part of the bird's diet too when other more favoured prey is not available. The young fledge after 13/14 days and are often left in the care of the male while the female prepares for the next brood. Song Thrushes are both resident and migratory. Some birds in the north migrate southwards in the autumn, usually overnight, while southern ones go as far as France, Spain and Portugal. Other birds from Scandinavia and Benelux then join the remaining British birds. The song thrush sings all winter in urban areas because of the street lights. They have a clear, flute-like song which becomes richer and more complex as the birds get older. Phrases chosen from their repertoire of about 100 are repeated several times and are often prolonged with the loudest parts being heard over half a mile away. On average song thrushes live for 3 – 4 years with only 20% of fledglings and 60% of adults surviving to breed the following spring. The population declined by 59% between 1970 and 1998 with evidence suggesting that agricultural intensification and changes to woodland management resulted in less food available and fewer nesting sites. Improved drainage also made the ground harder making it more difficult for birds to extract the worms. Our gardens with shrubs and creepers are now an important habitat for them. They are on the RSPB red endangered list meaning they are the highest conservation priority needing urgent action.

### **Did You Know?**

- A century ago song thrushes were one of Britain's commonest birds, even outnumbering blackbirds.
- Hunting migratory song thrushes has long been a popular sport in southern Europe and is still legal in France and Spain.
- They are one of the few British birds to eat snails, cracking them open on a favourite anvil (usually a rock).
- Thrushes' nests are rarely used by the cuckoo as it is thought the thrush recognises the cuckoo's egg as different and rejects it.
- Mavis is the colloquial name for both the male and female song thrush. It appears in Chaucer and comes from the French word mauvis and may be of Celtic origin.

## **Bath Half Marathon for Barnardo's**

I'm Rhiannon and going to be running the Bath Half Marathon on March 1st.

I'm doing this for both personal achievement and to raise money for the children's charity, Barnardo's. This is a fantastic charity that works with around 200,000 underprivileged children in the UK per year, to help give them the positive start that everybody deserves in life. I would be very grateful if you could donate to this good cause. If you would like to, you can either visit my JustGiving page :[https://www.justgiving.com/Rhiannon-](https://www.justgiving.com/Rhiannon-Austin1)

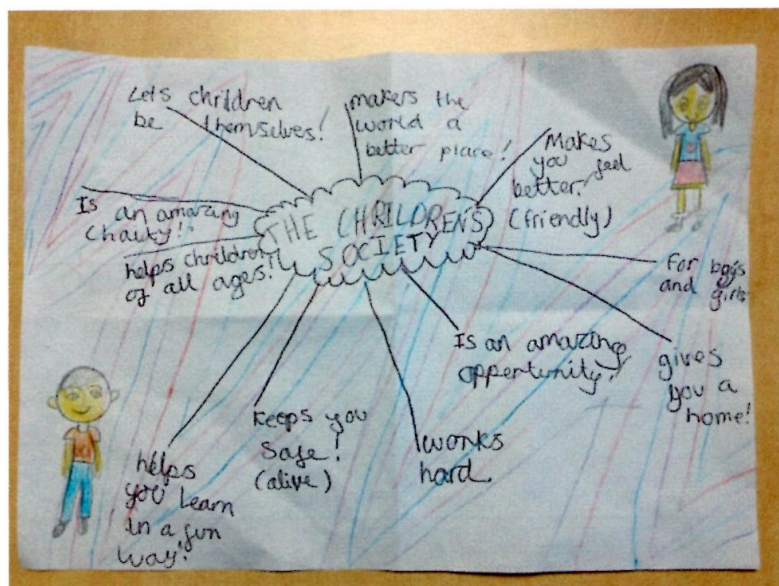

[Austin1](https://www.justgiving.com/Rhiannon-Austin1) or you could give the money to my parents, who live at 1 Skittle Alley, Aynho, 01869810674. Thank you! Rhiannon Austin.

## Dog Fouling

APC have received many complaints recently about dog fouling and in particular about owners whose dogs have fouled the Black Path (pedestrian walk way linking Butts Close, The Playground and Portway).

Please clean up after your dog – not only is it unsightly there are associated health issues. We have many bins in the village so there is no excuse not to. Additional signs reminding are going to be placed at either end of the Black Path together with an additional Dog Bin at the Butts Close end.

APC are looking to increase awareness of this anti-social problem and considering various initiatives to help combat the issue. More details will be published shortly. If you see someone you know failing to clear up after their dog and are do not want to confront the owner – please do inform the Parish Clerk and provide as much information as possible.

## Annual Village Meeting

The Annual Village Meeting will take place on Monday 27 April 2015 in the Village Hall at 7.30pm.

## Village Spring Clean

The next Village Spring Clean will take place on Saturday 28 March at 10am. Please meet on the Sports Field. We look forward to seeing you there!

## Aynho Meets Gigaclear Orders Target!

Aynho

Congratulations, you are part of a Gigaclear community so don't miss out and start to enjoy ultrafast broadband by signing up for the fastest UK broadband today.

Get Gigaclear

100%

% ORDERS NEEDED

As you can see we have achieved sufficient Gigaclear orders – which should mean we should have Ultra Fast Broadband within the village within the next few months. Thank you to everyone who has committed to an order – thus making this possible. Although Gigaclear have yet to set a start date, we have been led to believe construction of the network could start before the end of February – although Gigaclear are still in discussion with Vodafone who will provide the ‘Backhaul’ connection from the

village – and so the start date may slip. Provision of Gigaclear will ensure that all properties within the village will have a Fibre to the Property (FTTP) connection point placed at the boundary of your property – even if you have not placed an order, a connection ‘pot’ will still be installed. This will mean that small trenches are going to be dug throughout the village to install the network. Details will be published on the village website giving details of when you can expect these works to take place. It will mean some inconvenience – but the result will be that the village will finally have broadband fit for the 21<sup>st</sup> Century. If you have not placed an order for Gigaclear you can do so at anytime. More detail are at [www.gigaclear.com](http://www.gigaclear.com)
