## CHURCHWARDENS UPDATE.

Over thirty people from the benefice attended Simon's installation service on 5<sup>th</sup> November at his new parish of St Mary's Goldington near Bedford. We wish Simon and Heather all good wishes for the future as we turn to the important task of selecting a new incumbent for the Astwick Vale benefice.

The Churchwardens together with the Ministry and Lay teams under the direction of the Archdeacon are well into the process of considering a suitable new incumbent .

Being in an interregnum involves us all to some extent having to cope with changes and covering various functions we are not familiar with. We will do our best to keep things as routine as possible.

The failure of the Rectory office computer which was rather dated was not helpful but a new one has been procured and is now set up for our needs. Sorry about the reduced numbers of recent Pews News which was down to the computer difficulties.

I am aware, as are the lay team ,that many people contribute week in week out to "keep the show on the road" and it is appreciated.

### ROYAL BRITISH LEGION – POPPY APPEAL

A huge thank you to all you generous people in the village who supported the Poppy Appeal this year. Through the efforts of our team of ten collectors going "house to house" we raised £807, which is £125 more than 2017 – so thank you. The church collection at the Remembrance Service amounted to a further £327.

Again THANK-YOU - 100 Years on from the Armistice and Aynho does "remember"!!

### Remembrance in Aynho – A Thank You

In the last newsletter there was an article produced by Andrew Bellamy about a series of "Named Day" gatherings which took place in the Church to remember the 14 men of Aynho who lost their lives during The Great War. Over 14 days in the lead up to Remembrance Sunday Andrew outlined the story of each man including his family, where they lived and who they left behind. It brought into focus the real people behind the names and was a moving tribute to their sacrifice which we recalled a hundred years on. A lot of hard work went into undertaking the preparation for the Named days and it is only fitting that we publically acknowledge Andrew Bellamy's idea and contribution in helping us as community to understand more fully the soldiers and their families who made the ultimate sacrifice – Thank you.

## **From your Parish Council re Streetlights - Your Chance to have a say.....**

The Parish Council is responsible for the provision and maintenance of the 37 streetlights that are situated within the Village. The lights are provided for pedestrians. We pay for their electricity and maintenance from the Aynho Precept (part of your Council Tax Bill) and spend just under £1950 in electricity and £450 in routine maintenance plus additional costs if current fittings fail. This represents about 10% of our budget. The Parish Council intends to replace the current lights for two reasons:

1. Most of the fittings within the village are old and utilitarian and as such not particularly in keeping with a Conservation Village. There is also a mix of fittings and light colours.
2. Modern street lights, using LED technology, are about 80-90% cheaper to operate. New lights could also be top down, thus reducing light pollution and have the ability to be dimmed further in the small hours. Potentially, if all streetlights were replaced with LEDs we could save £1560 - £1755 per year in electricity costs with further savings in maintenance costs. Additionally LED life expectancy is longer than current bulbs which will reduce maintenance costs.

The PC proposes to:

1. Replace all lights (either wall mounted or on posts) with replacement LED lights. These will shine the light downwards to help minimise light pollution and will be fitted with drivers which reduce the lights power during the small hours - further reducing electricity costs and light pollution.
2. All lights within the Conservation Area will be of a Heritage Style.
3. All lights outside the Conservation Area will be an appropriate 'modern' fitting
4. Where lights are currently fitted residents homes with wall brackets these will be replaced in situ with the option of a blank backing plate to reduce light pollution towards the home.
5. The light in Skittle Alley will be reinstated.
6. It is proposed to discontinue the light placed on the end house of The Hill.
7. At this stage it is not intended to add to or re-site the current lighting stock.

How will this project be paid for:.

1. The estimated cost, having had initial quotes, is £50K.
2. The PC has ear-marked reserves in the order of £24K.
3. The shortfall of £26K would be taken out via a 10 year public loan.
4. The annual repayments on this loan are estimated at £2.9K a year
5. The expected annual savings will be about £2K a year
6. The £900 shortfall will be met out of existing revenues and there is no intention to specifically increase the precept to cover this project.
7. Additional funding may be available from SNC which would reduce the loan requirements.

Timeframe:

1. A draft statement of requirement is currently being prepared at present to obtain final quotes.
2. The PC is currently seeking approval to apply for the loan. (Please note this is the permission to apply for the loan and is not the loan itself).
3. It is intended to finalise plans by 30 Apr 2019 and given final approval
4. Works to be carried out in Summer 2019.

More details will be published on the Aynho website including images of the lights to be used. If you have any comments or observations on this project you are asked to email them to [clerk@aynho.org](mailto:clerk@aynho.org) or send them in writing to The Clerk, 3 School End by 5<sup>th</sup> Jan. 2019.

## Speeding in and around Aynho

The Police 'Safer Roads' initiative has surveyed Banbury and Croughton Roads and they are continuing to develop their approach. Updates are available via [www.aynho.org](http://www.aynho.org).

The Police have commented that the level of non-compliance on the Charlton Road past Butts Close may be due to 'look' and 'feel' of the environment relative to the speed limit. We would therefore like residents to write to the Clerk to support engineering measures or changes to the road environment to ensure it better matches the 30mph speed limit.

## Planning Applications:

**S/2018/2488/PA** College Farm, Charlton Road, Aynho, OX17 3AW.

Determination as to whether prior approval is required (under Class R of Part 3 of the above Order) for the change of use of an agricultural building to flexible use (Use Class B1) in respect of: the transport and highways impacts of the development; noise impacts; contamination risks in relation to the building; flooding risks in relation to the building.

Applications can be searched on South Northants planning register <http://snc.planning-register.co.uk/>, close neighbours will be consulted direct from SNC planning department or look out for the 'Site Notice' displayed on the street. For efficiency reasons SNC no longer provide paper plans to Aynho Parish Council.

The next scheduled council meeting is to be held at the Village Hall on Mon 3<sup>rd</sup> Dec 2018 at 7:30pm.

## Aynho Christmas "Carol-Oke"

Get into the real swing of Christmas in the village this year with an entertaining Christmas Eve gathering of mulled wine, mince pies and musical merriment!

This year's Aynho Christmas carols will be in the **Village Hall at 4.00pm on 24<sup>th</sup> December**. Come and grease your festive cogs with mulled wine and mince pies, whilst enjoying musical entertainment from some fabulous talent we have hidden here in Aynho.

Once you've warmed up we'll all get stuck into some hearty renditions of festive favourites – everything from traditional carols to Rudolph and Bing Crosby (suggestions and requests welcome!)

Come in your best Christmas jumper or full festive outfit – there'll be prizes for the best costumes (kids and adults!). Whether you want to sing your heart out, or just tap your feet along at the back, we'd love the whole village to join the fun.

There's no charge, but we will be collecting donations for The Beacon Centre in Banbury, playing a vital role in supporting the homeless on our doorsteps. (If you can't attend on Christmas Eve but want to donate we will be setting up an online JustGiving page too).

The November meeting was a change from the usual. An evening of arranged co-operation by A.D.D.P.S and Banbury Camera Club with very interesting speakers. One truly fascinating talk was on restoring old photographs which had faded or been damaged. Examples of restoration of old Victorian pictures were shown. One period showing many portraits of WW1 men in uniform taken before they went off to war.
